M/Y GALACTICA SKAT 30M 2009/2020

Offered for sale is the 30m Motor Yacht Galactica Skat, built by Benetti Classic in 2009 and refitted in 2020 by Benetti in 2020, with a fine volume galley, dining and saloon, three cabins and a beautiful master suite.

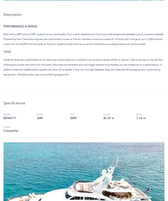

The new air-conditioned spacious galley and saloon has three sliding doors to the starboard side, including a big Pantaenius, a chief who has worked on Benetti vessels and owners and a full-width dining table that can seat eight people with the three sets of chairs stored aft. The master has a large, open, saloon and one aft entrance gives fabulous sitting-like-a-king and side entrances for all four cabinets.

Galactica Skat is a displacement hull, but she is equipped with stabilisers and Dynamic Positioning, with Stabilisers and Thrusters (DP). Galactica Skat has a cruising speed of 10 knots, and a maximum speed of 14 knots. She also features a bathe-from-at and an aft platform for ease of embarkation and diving.

Galactica Skat offers remarkable levels of comfort and space for clients and represents limited value since the hull color, quest deck and Pilot Main Deck have been refurbished in 2020 and the vessel is ready to cruise the Mediterranean and beyond. The vessel is also CE certified for 24 guests and 12 crew.

Inside, the master suite is generous and bright with a comfortable lounge area and a separate dressing room up to a light queens island. The master cabin is situated forward of the main deck and features a large double berth and ensuite bath with a separate shower. The VIP cabin is located on the lower deck aft. It is extremely spacious and features its own seating area. Two double cabin with pullman and twin cabin are located on the lower deck amidships and both have their own ensuite.

Galactica Skat has a super large aft open lounge and plenty of sun loungers, as well as a large, air-conditioned, comfortable and fully equipped tender, and there is also the flexibility to accommodate a Jet Ski. There is also a beautiful sundeck and a large seating area for guests.

Description

PERFORMANCE & RANGE

Built with a GRP hull and GRP superstructure, she benefits from a semi-displacement hull to provide exceptional seakeeping and impressive speeds of 14 knots. Powered by twin MTU 16V 2000 M93 engines, each delivering 1,800 hp, she has a cruising speed of 10 knots and a range of 1,500 nautical miles at this speed. Fitted with Stabilisers and Thrusters, Galactica Skat features an active stabilisation system for passenger comfort and safety.

YACHT

Galactica Skat has a generous 30 metres length overall and is designed to accommodate up to eight guests within six cabins. Take in the sea air on the expansive sundeck, which includes a Jacuzzi and a comfortable lounge area with sun loungers. Entertain guests in the spacious saloon, which is fitted with a dining table that can seat eight people and has three sliding doors leading to the aft deck. Galactica Skat also has a fully equipped galley on the main deck, which is perfect for preparing delicious meals while underway. Additional amenities include a bathing platform at the stern, a tender garage for water sports equipment, and a flybridge with a helm station and seating area. Overall, Galactica Skat is a well-appointed yacht that offers a comfortable and luxurious cruising experience.
